

CAPTURING VALUE BEYOND EMAIL

Office 365 is a robust platform that can be made even more powerful thanks to the newly introduced communications, collaboration and security capabilities in Office 365.

Office 365 is built for the demands of businesses and public sector organizations today. Take advantage of a simplified infrastructure optimized for team collaboration, data insight and advanced security. Leverage one platform for calling, conferencing, video, and sharing. Connect your teams with the experience they love, in the Office applications they use every day. Office 365 goes far beyond a hosted email option – it is a platform to redefine your business.

EXPLORE THE BENEFITS OF OFFICE 365

One Single Platform for Your Communication & Collaboration Needs

CREATE A CLOUD-BASED FOUNDATION FOR YOUR BUSINESS COMMUNICATIONS

EMAIL & EXCHANGE

Use business-class email through a rich and familiar Outlook experience you can access from your desktop or web browser using Outlook on the web. Get 50GB of storage and unlimited archive storage per user.

PRODUCTIVITY

With Office Pro Plus, always have the latest versions of your familiar Office applications, no matter which device you're using — PC/Mac, tablet, or phone.

UP TIME-ALL THE TIME

Exchange Online Protection provides enterprise-class reliability and protects against spam and malware, while maintaining access to email during and after emergencies. Experience world-class data security through data loss protection and encryption.

PROVIDE YOUR EMPLOYEES THE TOOLS TO BE PRODUCTIVE – ANYWHERE, ON ANY DEVICE

COMMUNICATIONS

Take advantage of unlimited online meetings, instant messaging and HD video conferencing with Skype for Business.

STORE & SHARE

Provide each user 1 TB of personal cloud storage on OneDrive that can be accessed from anywhere and enables users to share documents with others inside and outside your organization and control who can see and edit each file.

COLLABORATE

Enjoy cross-device compatibility with a broad range of capabilities available through SharePoint Online including App Marketplace, Team Sites, Enterprise Search, Content Management and e-Discovery.

MOBILITY

Sync email, calendar, and contacts; access SharePoint sites; view and edit Office documents with Office Online using a browser on Windows Phone, iOS, and Android devices.

ADD IN SOME COOL FACTOR

GET SOCIAL

Create your own corporate social network with Yammer to connect, share, collaborate and organize across teams and projects.

STAY IN THE KNOW

With Delve, you can search and discover content across Office 365 based on personalized insights derived from each user's behavior and relationships to content, topics, and contacts.

BE ENGAGING

Sway enables you to easily create engaging, interactive web-based reports, presentations, newsletters, trainings and more—right from your phone, tablet, or browser.

MAXIMIZE THE VALUE WITH OFFICE 365 E5 PLAN ENHANCEMENTS

E-DISCOVERY

Advanced eDiscovery fully integrates the Equivio machine learning, predictive coding, and text analytics platform to reduce the costs and challenges that come with sorting through large quantities of data by quickly zeroing in on what is relevant.

ANALYZE & CREATE INSIGHT

With the live dashboards and interactive reports of Power BI, non-technical users can visualize and analyze data with greater speed, efficiency, and understanding.

ADVANCED SECURITY

Protect users and your organization against unknown and sophisticated threats with advanced threat protection and security controls. And with Customer Lockbox, you retain control by being able to limit access to data to only pre-assigned, two-factor-authenticated administrator approvals.

UNIFIED COMMUNICATIONS

Skype for Business consolidates your communications and collaboration platform with an enterprise-ready solution that provides Cloud PBX and PSTN Conferencing. Plus, take advantage of hosted voicemail support with auto-attendant capabilities. Users can access voicemails from Outlook, Outlook Web App, or a compatible mobile phone.
