DynTek Joins Dell's Enterprise Architecture Partner Advisory Council

Irvine, CA – February 11, 2009 – DynTek, Inc. (DYNE.PK), a leading provider of professional technology services, today announced the company has joined Dell's Enterprise Architecture Partner Advisory Council (EA PAC).

"Dell's Partner Advisory Council is an invitation-only program that elicits discussion and feedback with top channel partners as part of Dell's commitment to transparency and channel improvement," said Bob Skelley, Director of Dell's Enterprise Architecture Channel. "DynTek is a rising star within our program in terms of revenue growth and channel engagement. They have a proven ability to rapidly create successful channel partnerships, and we are eager to have them participate in the development of our channel program."

"Dell's program demonstrates their commitment to working with the channel and creating an open dialogue for change and improvement," said Steve Struthers, DynTek's CTO. "We have seen increasing demand for Dell products and services from our customer base, and we look forward to seeing this line of business grow significantly in 2009."

About DynTek

DynTek is a leading provider of professional technology services to mid-market companies, such as state and local governments, educational institutions and commercial entities in the largest IT markets nationwide. DynTek provides a broad range of IT security, unified communication, virtualization, Microsoft Information Worker, and application infrastructure and delivery solutions. DynTek's multidisciplinary approach allows our clients to turn to a single source for their most critical technology requirements. For more information, visit <http://www.dyntek.com>.

Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or

other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.
