## **DynTek Services Recognized on the Everything Channel Fast Growth 50 Up-And-Comers**

**Newport Beach, CA – November 3, 2009 – DynTek, Inc. (DYNE.PK)**, a leading provider of professional technology services, today announced that it has been recognized by Everything Channel on the Fast Growth 50 Up-And-Comers list, an exclusive list of technology integrators, VARs, resellers and consultants that have experienced above-average sales growth.

DynTek was recognized for its performance from CY 2006 to 2008, where the company realized a 27% in revenue growth from continuing operations.

“Despite the pressures of the economic climate, DynTek has continued to see growth on the top and bottom lines,” said Ron Ben-Yishay, DynTek’s chief executive officer. “We have focused on developing and nurturing key manufacturer relationships and key geographic regions. In addition, we have concentrated our investments in top performers – from both the sales and technical fields.”

Robert C. DeMarzo, senior vice president and editorial director for Everything Channel, said, “The companies that are included on this list are channel industry leaders. They offer business-oriented IT consulting and work closely with their customers to integrate multivendor IT solutions as well as cutting-edge technologies. In addition, they understand the importance of strong sales philosophies.”

The Fast Growth 50 Up-And-Comers is a listing of IT solution providers that experienced above-average sales growth between 2006 and 2008. This exclusive group includes companies that reported revenue increases of between 20 percent and 54 percent.

### **About DynTek**

DynTek is a leading provider of professional technology services to mid-market companies, such as state and local governments, educational institutions and commercial entities in the largest IT markets nationwide. DynTek provides a broad range of IT security, unified communication, virtualization, Microsoft Information Worker, and application infrastructure and delivery solutions. DynTek's multidisciplinary approach allows our clients to turn to a single source for their most critical technology requirements. For more information, visit <http://www.dyntek.com>.

**Forward Looking Statements**

*This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.*
