## **DynTek Named McAfee 2010 Solution Provider of the Year for Government, Healthcare and Education**

Newport Beach, CA – November 3, 2010 – [DynTek, Inc. \(DYNE.PK\)](#), a leading provider of [professional technology services](#), today announced that it has won the McAfee 2010 Solution Provider of the Year award for government, healthcare and education markets in the United States.

McAfee selected DynTek in recognition of their strong partnership and commitment with the McAfee sales team, their revenue growth rate and their technical excellence, which includes the launch of two Interlock Labs.

The award was announced October 11 at the McAfee Global Partner Day, which is held in conjunction with McAfee FOCUS 10, the company's annual user conference.

“We're pleased to name DynTek the 2010 Solution Provider of the Year award for government, healthcare and education,” said Fernando Quintero, vice president of the Americas Channel at McAfee. “McAfee recognizes DynTek for its strength, success and consistency across numerous categories including revenue, collaboration, partner commitment, new business development, year-over-year growth and impact on the overall McAfee business.”

“We are honored to receive this recognition from McAfee and feel it is a true testament to our partnership, which has been forged through commitment and engagement on all levels – executive, sales, technical, operations and marketing,” said Ron Ben-Yishay, DynTek's chief executive officer. “We strongly believe in McAfee products and solutions, and more importantly, our customers do as well, which is why we have been able to accelerate our growth so dramatically over the past two years. We have made significant investments in sales and technical training, state-of-the-art technology labs and marketing programs to sustain ourselves as the dominant McAfee systems integrator in the marketplace.”

## Forward Looking Statements

*This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.*
