DynTek Services Awarded Citrix Authorized Learning Center of the Year, North America for 2010

Citrix training provider recognized for outstanding customer satisfaction

Newport Beach, CA – January 27, 2011 – DynTek, Inc. (DYNE.PK) today announced that it has been awarded Citrix Authorized Learning Center (CALC) of the Year, North America for 2010.

DynTek's [Authorized Learning Center](#) is based in Newport Beach, CA, but services clients around the country through satellite branches, customer facilities, and Instructor-led online learning. DynTek's CALC provides [training](#) for Citrix certifications and technical instruction for the installation and administration of Citrix products, including Citrix XenApp and XenDesktop software. Citrix recognized DynTek's training program for its high customer satisfaction, industry leading low class cancellation rate and ability to enable Citrix to vastly increase the number of students trained on its products.

"DynTek has consistently achieved a high level of excellence with its Citrix learning programs, which help increase adoption and expansion of Citrix solutions," said Hector Lima, Vice-President Americas Consulting and Education, Citrix Systems. "They work closely with us to develop new, innovative courseware that fosters a high level of satisfaction with our mutual client base."

"Our training services are a fast growing segment of our business and a key element in providing truly end-to-end services for our client base," said Ron Ben-Yishay, DynTek's chief executive officer. "We have a long-standing, proud partnership with Citrix, and our students, and appreciate being recognized for our efforts."

Information on DynTek's Citrix Training Solutions can be found at <http://www.dyntek.com/training-services>.

About DynTek

DynTek is a leading provider of professional technology services to mid-market companies, such as state and local governments, educational institutions and commercial entities in the largest IT markets nationwide. From virtualization and cloud computing to unified communications and collaboration, DynTek provides professional technology solutions across the three core areas of our customers' technical environment: Infrastructure/Data Center, Application Platforms and End Point Computing. DynTek's multidisciplinary approach allows our clients to turn to a single source for their most critical technology requirements. For more information, visit <http://www.dyntek.com>.

Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.
