DynTek Services Awarded Citrix Partner of the Year - West

Citrix Platinum Partner Recognized for Exceptional Technical, Sales and Customer Service

Newport Beach, CA – June 9, 2011 – DynTek, Inc. (DYNE.PK) today announced that it has been awarded Citrix® Partner of the Year, West for 2010.

DynTek, a Citrix Platinum Partner, was selected as the highest performing partner in the West Region. The award recognizes DynTek’s performance across a broad range of criteria including revenue, technical acumen, certifications and customer service. The award was announced at the annual Citrix Synergy™ San Francisco Conference in May.

“DynTek has consistently excelled as a Citrix partner and made a significant contribution to our growth in the West Region, and nationwide,” said Fernando Campo, Vice President, Americas for Citrix. “They continue to make investments in their Citrix practice – developing their sales and technical resources and aggressively marketing key growth technologies like desktop virtualization - because they fully understand the value these solutions can bring to their customer base.”

“With the rise of mobile workers and the increasing pressure on IT departments to do more with less, we have seen a significant increase in the demand for the innovative access solutions Citrix offers,” said Ron Ben-Yishay, DynTek’s chief executive officer. “We have a long-standing, proud partnership with Citrix and we appreciate being recognized for our joint efforts.”

Information on DynTek’s Citrix Solutions can be found at <http://www.dyntek.com/end-point-computing-solutions>.

About DynTek

DynTek is a leading provider of professional technology services to mid-market companies, such as state and local governments, educational institutions and commercial entities in the largest IT markets nationwide. Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.
