**DynTek Named McAfee 2011 Solution Provider of the Year for  
Government, Healthcare and Education  
*Company Receives Recognition for the Second Consecutive Year***

Newport Beach, CA – November 10, 2011 – [DynTek, Inc. \(DYNE.PK\)](#), a leading provider of [professional technology services](#), today announced that it has won the McAfee 2011 Solution Provider of the Year award for government, healthcare and education markets in the United States.

For the second consecutive year, McAfee selected DynTek in recognition of their excellent sales and technical delivery, strong revenue growth and superior field engagement and partnerships with the McAfee sales and technical teams.

The award was announced October 18 at the McAfee SecurityAlliance Partner Summit, which is held in conjunction with McAfee FOCUS, the company's annual user conference ([www.mcafeefocus.com/focus2011](http://www.mcafeefocus.com/focus2011)).

“DynTek continues to demonstrate strong McAfee product knowledge, implementation skills, and institutional knowledge in the government, health and education markets making them a key go-to partner for McAfee,” said Fernando Quintero, vice president of the Americas Channel at McAfee. “In recognition of DynTek’s success in customer satisfaction, technical delivery, partner commitment and new business development, we are pleased to award DynTek the 2011 Solution Provider of the Year for government, healthcare and education.”

“We are honored to be recognized by McAfee for the second consecutive year and believe it is a direct reflection of our mutually beneficial and successful partnership,” said Ron Ben-Yishay, DynTek’s chief executive officer. “We are seeing strong growth for McAfee’s superior products and security solutions in the GHE market which can help our customers create a comprehensive security profile across their endpoints, network and data. Our investment in sales, marketing and technical programs, such as our McAfee labs in Albany, NY and Newport Beach, CA (<http://www.dyntek.com/mcafee-lab>), helps DynTek continue to be a leading McAfee systems integrator.”

## **Forward Looking Statements**

*This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this press release are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of DynTek, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of DynTek's government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 29, 2007, our Quarterly Report on Form 10-Q filed on November 19, 2007 and other SEC filings. DynTek has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.*
