Global Technology Manufacturer Selects TekConnect, a Division of DynTek, as a Preferred Services Partner

DynTek's TekConnect Private Label Services Business Unit Selected as Preferred Services Partner for Server Consolidation, Virtualization and Microsoft Solutions

Irvine, CA – November 7, 2007 – DynTek, Inc. (OTCBB: DYNK), a leading provider of professional technology services, today announced its TekConnect Private Label Services Business Unit has been selected as a preferred and authorized services partner for a global manufacturer of servers and personal computers.

Through a competitive bid process, TekConnect was selected as a preferred services sub-contractor for Server Consolidation and Virtualization solutions. In addition, TekConnect was selected as an authorized provider of Microsoft SQL and Exchange, Systems Management and HPCC services. The award was based on TekConnect's technical resource depth, competitive pricing and high customer satisfaction scores.

"TekConnect's Private Label Services program is not limited to desktop deployments," said Paul Freeman, TekConnect's vice president of sales and marketing. "Our service delivery model and technical capabilities incorporate a broad range of high-growth solution areas such as Virtualization, Storage, Security and Unified Communications."

About TekConnect

TekConnect, a value-added provider of private label technology services, helps organizations build, manage and streamline their services channel. TekConnect serves as a single point solution for service sales, delivery and support for customers that span the entire information technology supply chain including major manufacturers, distributors, direct marketers and regional VARs. Leveraging a global network of service provider partners, TekConnect's service methodology ensures consistent, high quality service delivery in order to create a uniform client experience across all solution categories. The TekConnect service model is not limited by technological or geographic barriers and is enhanced by value added services such as solution development, resource management, service delivery and sales enablement. Forward Looking Statements

This press release contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that certain statements in this release are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995 and involve known and unknown risks, uncertainties and other factors. Such uncertainties and risks include, among others, success in reaching target markets for services and products in a highly competitive market and the ability to maintain existing and attract future customers; our ability to finance and sustain operations, including our ability to comply with the terms of working capital facilities and/or other term indebtedness of the Company, and to extend such obligations when they become due, or to replace them with alternative financing; our ability to raise equity capital in the future; our ability to achieve profitability despite historical losses from operations; our ability to maintain business relationships with IT product vendors and our ability to procure products as necessary; the size and timing of additional significant orders and their fulfillment; the continuing desire of and available budgets for state and local governments to outsource to private contractors; our ability to successfully identify and integrate acquisitions; the retention of skilled professional staff and certain key executives; the performance of the Company’s government and commercial technology services; the continuation of general economic and business conditions that are conducive to outsourcing of IT services; our ability to maintain trading on the NASD OTC Bulletin Board or other markets in the future; and such other risks and uncertainties included in our Annual Report on Form 10-K filed on October 12, 2007, our Quarterly Reports on Form 10-Q filed on November 20, 2006, February 20, 2007 and May 21, 2007 and other SEC filings. The Company has no obligation to publicly revise any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.
